Help to start and grow your business

Last Modified December 12, 2023

Tailored, funded support to help local businesses become established, grow, scale and innovate.

There's nowhere quite like Blackpool to grow a company. We're home to real innovation. Real entrepreneurialism. Real vision. Combine it all with the diversity, energy and profile that comes from being the UK's leading resort destination, and it makes Blackpool a special place to build a business.

Whether you're leading an established organisation looking for ways to scale or a high-growth startup with unlimited potential, every business can benefit from a little extra expertise.

As part of Blackpool Council's ongoing commitment to supporting our town's economic development and the businesses that make it thrive, we're offering tailored, funded support to help strengthen local entrepreneurial spirit, supporting businesses as they become established, grow, scale and innovate.

Funded by the UK Government's Shared Prosperity Fund, we are supporting Blackpool businesses to grow, prosper and be sustainable through a range of initiatives, resulting in the creation and safeguarding of jobs throughout the resort and improving the local economy.
