Application Evaluation Process

Applications must be sent to the licensing authority for the area where the premises are located.

New applications should be submitted with a plan of the premises, an operating schedule and a form of consent from the premises supervisor (for applications where the sale of alcohol will be a licensable activity).

An operating schedule will include details of:

- the licensable activities
- the times when the activities will take place
- any other times when the premises will be open to the public
- in the case of applicants who wish to have a limited licence, the period the licence is required for
- information in respect of the premises supervisor
- whether any alcohol that is to be sold is for consumption on or off the premises or both
- the steps proposed to be taken to promote the licensing objectives
- any other required information

Applications for new licences or variations of existing licences may be required to advertise their application (a booklet detailing advertising requirements is available in the 'publications' section).
