- Anyone under 60 years of age receiving both Income Support **AND** Disability Living Allowance
- In some cases private rented tenants and Blackpool Coastal Housing tenants can also benefit from our services.

Home Repair Grants and Loans

As a homeowner the responsibility to maintain your home is yours however Care & Repair may be able to help you access financial assistance in the form of a small grant or loan to help you with your home repair problems. (There are certain qualifying criteria you would need to meet.) If you do not qualify for grant or loan assistance we may be able to help you access other forms of financial assistance, or refer you on to another service that may be able to help.

Our caseworkers will visit you at home to discuss your needs and advise you about the options available. We will then guide you through all stages of the process until the work is completed. The support we provide includes:

- help to identify what repairs, improvements or adaptations you need
- help with form filling and grant or loan applications
- help in choosing a builder, getting estimates and organising any work
