The Blackpool discretionary support scheme can provide assistance to vulnerable people who need:

- Short term emergency support
- Help to become established or maintain independence in the community

Short term emergency support

Assistance for gas and electricity pre-payment customers

Energy firms have put in place measures to help pre-payment customers who are struggling or unable to top up.

Suppliers will deal with issues on a case-by-case basis, but if you can't top up your meter or are struggling to buy credit, please contact your provider directly before making an application to discretionary support.
