New Start

Last Modified October 13, 2023

Want help finding work?

New Start is a completely **free** service that provides job seeking support to those aged 25 and over who are currently unemployed and not on any other employment programmes.

We have a friendly team of outreach advisers that work with Blackpool residents who are struggling to find work in the area, and offer three months of dedicated support in many areas including CV writing, interview preparation, job searching and much more.

The team are based at the HealthWorks offices (1 Clifton Street), however they will also meet residents out in the community to talk over options in a more laid back environment.

Finding work can be stressful - New Start is here to take some of the pressure off.
