Communication offer for parents

Last Modified May 12, 2023

The Blackpool Communication Offer details what services are on offer for children and young people, families and practitioners in the area of speech, language and communication from the ages of 0 to 25.

If you are told that your child needs some targeted or specialist support then you can see what you might expect to receive.

The offer has been broken down into what is available for the different tiers of need by all services working in Blackpool.

- Universal is offered to all children and young people
- Targeted is for some children and young people
- Specialist is the kind of support a few children and young people may require.

Pregnancy to school age

Primary

Secondary

16 - 25
