# Information for parents

Last Modified March 25, 2026

Information for parents and carers about what is available in Blackpool for children and young people with special educational needs and disabilities, and their families.

## What is SEND?

A child or young person has SEND if they have a learning difficulty or disability which means they need special educational provision to be made for them.

A child of compulsory school age or a young person has a learning difficulty or disability if they:

- Have a significantly greater difficulty in learning than the majority of others of the same age, or
- Have a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

Professionals who work with children, young people and families with SEND follow guidelines from the SEND code of practice.

## Kidz to Adultz

Kidz to Adultz events are dedicated to children and young adults with disabilities and additional needs, their parents, carers and the professionals who support them.

Since the events were established in 2001, we have welcomed tens of thousands of visitors through the doors who have been able to access the most up to date information and advice on equipment, products and services for children and young adults with disabilities and additional needs.
