Adopting with Blackpool Council

It's great you are thinking about adopting with us!

We've now teamed up with Lancashire County Council to form a brand new regional adoption agency called Adoption Lancashire & Blackpool. We bring together experts from both councils to help children waiting to be adopted find their family and support you through the adoption process.

Find out more, along with the support we will offer you on our new website: www.adoptionlancashireblackpool.org.uk

If you have already been through the adoption process – as an adoptive parent, birth parent or adopted adult – and would like some support please contact us on 0300 1236728 or visit our website.
