# Children's social care

Last Modified March 04, 2020

Every child needs a stable loving family to grow up in, but for different reasons this isn't always possible.

We aim to help families to stay together where we can and if the child will be safe if we do this. When we can't manage this, we provide care in other ways.

If you would like to request help for a child contact us on 01253 477299

## Services

We provide services to:

- Protect children and young people who are or who might be at risk of harm
- Provide extra help for those caring for a disabled child or young person
- Provide fostering, adoption and other support when a child or young person needs to live away from their family

## Independent reviewing report

The independent reviewing report considers the work of independent reviewing officers (IROs) in Blackpool and their role in ensuring there is robust scrutiny of plans and arrangements for looked after children ensuring their individual needs are met and the voice of children and young people is heard.
