Langdale Day services

Last Modified October 24, 2023

The Langdale day service offers people who attend, the opportunity to receive an activity led service, based around the individual needs and identified interests. Our committed team ensure the activities delivered are enjoyable, engaging and outcome-based to meet your specific needs.

The Langdale based at BCIL (Blackpool Centre for Independent Living) houses Nibbles Café, a number of tailored rooms, a large social space, a workshop and gardens for people to both work within and enjoy. Based close by to stunning Stanley Park, nearby shops and amenities.

The Langdale based at Bispham (Previously Bispham Library) is a smart modern, bespoke building supporting adults with a learning disability and complex health needs. It offers a state of the art sensory room, fully equipped rooms and accessible areas throughout the building. Situated in the heart of Bispham, the centre is well placed for those wishing to access the nearby shops and cafes, and is close to Moor Park Sports Centre and The Promenade.

The service also offers those who attend the opportunity to access community activities. These activities can be accessed individually or within small groups, supported by our skilled support teams.

Areas covered in the activity programme at Langdale are:

- Leisure and learning
- Sensory areas
- Arts, crafts, music, drama and photography
- Community based activities
- Community volunteering
- [Nibbles](#) training cafe
- Nibbles cafes (community based)

Community based volunteers

Our community based volunteering activities (The Langdale community volunteers) are established across the town. Working with our partners, the volunteers contribute within parks, woodlands, libraries, cemeteries, schools and residential areas.

The volunteers work with and alongside others, developing new skills, and will have the opportunity to develop new friendships, improve health and wellbeing as well as all the benefits that a positive contribution within our communities brings. Being a volunteer enables a person to participate on a project and enjoy creative forms of training and personal development.

Our community cafes that are based at Anchorsholme Library and Carleton Crematorium offer opportunities for people to contribute and further develop catering skills. Working in partnership with other council providers the service aims to provide the best possible training as well as the best possible service to those accessing these fantastic cafes.

Eligibility

The service is for adults with a learning disability. A social worker referral will be required to access the New Langdale service; once the service receives the referral the day services manager will make contact to discuss in more detail.
