Winter Provision (SWEP)

During the winter months through to the end of March, the Housing Options Team intensify their efforts to actively engage with rough sleepers, providing offers of support and accommodation where possible.

Housing Options will make an offer of accommodation to all Blackpool rough sleepers when temperatures fall to zero degrees or below for 3 consecutive nights (Severe Weather Emergency Protocol - SWEP).

Rough sleepers who have no connection to Blackpool will be reconnected to an area they have a local connection to (where we would expect appropriate local cold weather provision to be in place).

There is also 4 additional bed-spaces continually available overnight throughout the winter months, which can be used flexibly for

those most in need/engaging with services

So we can ensure offers of accommodation are suitable and to ensure appropriate health support is also available, initial assessments will be completed with rough sleepers by the Housing Options Team before placement.
