Improving housing

Last Modified October 19, 2022

More council homes

More council homes are being built and bought to significantly increase the number of properties available to new tenants and help more local residents get the affordable rented home they are looking for.

The latest scheme is under way at Grange Park to build 131 new homes.

My Blackpool Home

Innovative interventions are also being made in the local housing market.

Poor quality properties such as former hotels and guest houses or HMOs are being acquired and through significant investment being converted into high quality affordable homes setting a new standard in the sector.
