Cosy Homes in Lancashire

We are working with local authorities in Lancashire to help households access funding for energy-related improvements to their homes.

If your property is suitable you may be able to have a number of energy efficiency improvements installed in your home for free including air source heat pumps, solar panels and insulation measures.

Visit the [Energy Efficiency Grants](#) page for more information.

The Warm Homes Discount Scheme

Every winter you could get a £140 discount on your electricity bill through the warm home discount scheme.

The discount won't affect your cold weather payment or winter fuel payment.

[Visit the Warm Homes Discount website.](#)

Estimated yearly savings from energy saving improvements

- Loft insulation you could save you up to £180 per year
- Cavity wall insulation up to £140 per year
- Insulating solid walls (internally or externally) or hard to treat cavities you could save as much as £500 per year
- Replacing an old boiler with a new energy efficient one up to £310 per year

Are you on the best energy tariff?

If you missed out on the collective energy switch in Blackpool and the opportunity to save money on your energy bills don't worry as there are other opportunities available to you.

Keeping warm and well

[Visit the housing section on this website for more tips on keeping warm.](#)
