Vitaline -Technology enabled care

Last Modified September 17, 2025

Blackpool Council's Vitaline technology enabled care (TEC) service provides a personal emergency response service for elderly and vulnerable residents living in their own home.

We provide customers with a personal alarm that works independently and does not require a telephone line or mobile connection.

In the event of a fall or sudden illness, friends and family can be alerted 24/7 at the touch of a button.

Understanding technology enabled care	Charges	Apply for technology enabled care
Cancel technology enabled care	Falls lifting service	Contact Vitaline

Vitaline is accredited by the Telecare Standards Association (TSA)
