Subject: Fwd: Palatine road petition

Hi my name is ian stanley I own the chadsley hotel 12 palatine road I'm sending this email in reply to your letter dated 18 September 2014 to Mr Cox 14 palatine Rd. Firstly may I just say it's not just some of the residents as you can see from the petition but over 3 quarters of the residents that have signed the petition to take our street off the holiday zone area. one side of the street as already been removed .A lot of these hotels are struggling at the moment as they have most the season, your letter states you don't have the resources for reviewing the spd at the moment and also evidence needs to be collected and analysed can you just confirm that the petition is not enough evidence for this and if there is anything else the hoteliers need to do or send to help with this as this is now becoming urgent for most of us. Most have gone out to seek employment to avoid losing their properties and causing them to have to walk away which I'm sure you will agree there is enough homeless people and yet dereliction of these failed hotels. I am at the moment working myself to finance my failing business due to decrease of staying visitors, the banks are not lending for people to buy these businesses so would like the chance or choice to sell our property as residential. if there is anything we can do to rush this process please let us know. Thank you Mr Ian stanley 12 palatine road chadsley hotel
