Call for sites 2025

As part of the work being undertaken to develop a new Local Plan for Blackpool, the council is asking people to identify land or sites they would like to see either protected or developed for a particular use. In order to identify sites, the council is undertaking a 'Call for Sites'.

If you are aware of any site either brownfield or greenfield, in the urban area or in the countryside that may have development potential or has special value that means you think it should be protected from certain types of development, or you would like to bring a site to our attention, please complete the call for sites form which you will find below:

Complete the call for sites form

To put a site forward for consideration please ensure that a location plan is included, clearly showing the site and the site boundary.

Following completion of the web form please email the location plan to planning.strategy@blackpool.gov.uk or send to planning strategy, Planning department, PO Box 17, Corporation Street, Blackpool, FY1 1LZ, clearly stating the site address.

Please provide enough information to enable us to assess the site.

A clear location map showing the precise boundaries of the site must accompany each form.
