Last Modified April 29, 2025

Co-production Blackpool, we work across a range of services and initiatives to support the development and embedding of co-production in practice. We collaborate with teams, professionals, young people, families, and communities to shape services that are inclusive, responsive, and informed by lived experience.

Below are some of the key areas where we are currently supporting co-production across Blackpool:

Children's social care

Placed based partnerships

Born into care

Special education needs and disabilities

Centre for early child development
