Consultations and other engagement

Last Modified June 10, 2026

If you live, work in Blackpool or are part of a local organisation, we want to hear your views.

We run consultations, engagement activities, and surveys to gather feedback on local issues and council services. These are managed by our in-house infusion research team.

Your feedback helps us understand what works well and where changes may be needed, as well as how people's experiences and expectations change over time.

View our current consultations and engagement activity below and have your say.

Shaping the future of culture in Blackpool

Blackpool has a proud cultural heritage from entertainment and creativity to community events and local traditions. We are exploring how culture can play an even bigger role in the town's future, including helping shape Blackpool's bid for UK City of Culture 2029.

This short survey asks about your experiences, views and ideas. Your feedback will help us understand what culture means to people locally, what matters most, and how it can benefit residents, communities and businesses.

Survey open: 04.06.2026

Survey close: End of July. Date to be confirmed.
