# Reviews and representations

Last Modified April 06, 2022

You can make a representation (objection) against an application for a new gambling licence or a variation of an existing licence. For problems with premises that are already licensed, when other attempts to resolve the problem have failed, an application can be made for a review of that licence.

Representations and reviews must be relevant to one of the 3 licensing objectives:

- Preventing gambling from being a source of crime and disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

## Object to a gambling application

An interested party or a responsible authority can make a representation against an application. This must be made in writing and submitted within 28 days of the application being received.

Please email any objections to [licensing@blackpool.gov.uk](mailto:licensing@blackpool.gov.uk)

## Review a gambling premises licence

A review can be applied for by any interested party or any of the responsible authorities.

When a review has been applied for, any responsible authority or any other person can make a representation on it within 28 days.

After that a hearing will be arranged to determine the outcome of that review.

Download and complete the [review application form \[PDF 98KB\]](#). A copy of the review application must be sent to the licensing authority, the premises licence holder, and each of the [responsible authorities](#).

If any licences are currently under review a notice is published at the bottom of this page with further information.
