Special diets and allergens

Last Modified October 09, 2020

Special diets

We can cater for most special diets and allergies. Please speak to the school office for more information. We will then contact you to arrange a meeting to discuss your child's dietary requirements in more detail.

We require supporting medical evidence relating to your child's condition such as a letter from your GP.

Our policy is to provide a menu for those pupils with medically diagnosed food allergies, intolerance or a medical condition.

We produce full details for the following list of allergens
