Residential care

Last Modified May 31, 2018

[Skip to main content](#)

Two of our residential homes provide medium to long term care for children and young people who have been assessed by children's social care as requiring local authority accommodation.

Respite care

Our third home provides respite care for children with disabilities, and offers a range of packages tailored to meet a child's individual needs.

If you think your child may be eligible for respite care you would need to discuss this with your child's social worker.

There are a number of privately owned children's homes within the authority who, as a council, we have no direct control over, but who are inspected on a regular basis.
