Searching funeral records

Last Modified April 20, 2018

[Skip to main content](#)  

The bereavement service will search its burial and cremation records to find the last resting place of your loved one. There is a charge for this service of £20 with limited information and £5 if you have more detailed information.

You can complete the form below and a member of the bereavement team will contact you by telephone to arrange payment by credit or debit card.

Payments

All payments must be received before we search our records. The more information you provide, the more chance we will have in finding the deceased party on our records.

Please allow 10 working days from when we receive the request for a response.

If we are unable to find the deceased in our records we will inform you but there will still be a charge for the time spent searching.
