The Wedding Chapel has a choice of three unique celebration rooms, all of which provide unrivalled photographic opportunities.

Each room has its own specific feel and distinct personality, offering something different to your momentous day.

You can choose the intimate setting of the Sea View Room or to the beautifully appointed Tower View Room in front of a magnificent window.

Last but certainly not least, if you would prefer a simple alternative, which accommodates up to 4 guests, the register office looks out over the famous promenade.
