Dear Will

RE: DfT Funding for Innovation: Connected Vehicle Data – Digital Safety Inspection

I write to confirm Wiltshire Council's support for the bid for DfT's Connected Vehicle Data innovation fund to develop a digital inspection system to reduce the cost and increase the efficiency of existing highways safety inspection regimes.

As a Tier 2 Authority, we will support the bid by committing £5,000 to the project fund.

Wiltshire Council will also consider procuring any of these benefits through the Blackpool RAMS Framework.

With thanks

Parvis Khansari
Associate Director - Highways & Transport
Wiltshire Council
