 On street parking charges

# On street parking charges

Last Modified January 17, 2024

On-street parking facilities are provided across Blackpool for residents and visitors to use, particularly in the town centre area.

Bays have restrictions that depend on the location.

In the town centre, many of the on-street parking bays are classed as 'multi-purpose' which means that the usage and restrictions on these changes at different times throughout the day.

Please ensure that, when parking your vehicle, you check the signs for the bay you are intending to use so you aren't issued with a parking ticket.

## Prohibited vehicle types

The following types of vehicles are prohibited from parking in on-street parking bays:

- Goods vehicles exceeding 1524 kg unladen weight
- Passenger vehicles carrying more than 13 passengers exclusive of the driver
- Caravans, motorhomes (even with a Blue Badge), and vehicles towing trailers.
- Coaches
- HGVs
