Blackpool Climbing Towers are situated on Bancroft Park in the south of Blackpool and offers a unique outdoor location for climbing.

The tripod structures provide overhanging, vertical and easy - angled slab routes that offer climbing for both the beginner and experienced climber alike.

There is also an open access bouldering wall situated on Bancroft Park. The natural stone 2.5 metres high and 12 metres long utilises different rock types throughout providing a variety of climbing moves to aid specific training.

Sport Blackpool provide rock climbing instructors, all of whom are qualified and experienced at working with a variety of groups from young people to adults as well as disabled groups.

We are able to deliver both one-off sessions as well as on-going sessions to develop climbing skills and knowledge.

A ratio of 1 instructor to 9 students aims to maintain safety while ensuring participating students spend a sufficient amount of time climbing.

All equipment is provided for the activity. If climbing at Blackpool climbing towers, it is recommended to bring warm clothing.

Climbing parties

Why not reach for the sky on your special day! Come along for some expert guidance from one of our instructors, in a one hour climbing session for you and up to 8 friends
