4. Neighbourhood Area supporting statement

The Council has a duty to designate neighbourhood areas that are coherent, consistent and appropriate. Relevant considerations in this respect could be:

- village or settlement boundaries, which could reflect areas of planned expansion
- the catchment area for walking to local services such as shops, primary schools, doctors' surgery, parks or other facilities
- the area where formal or informal networks of community based groups operate
- the physical appearance or characteristics of the neighbourhood, for example buildings may be of a consistent scale or style
- whether the area forms all or part of a coherent estate either for businesses or residents
- whether the area is wholly or predominantly a business area
- whether infrastructure or physical features define a natural boundary, for example a major road or railway line or waterway
- the natural setting or features in an area
- size of the population (living and working) in the area.

In addition, other considerations are important and these could include:

- the local sense of a 'neighbourhood';
- the views of those who live, work and carry out business in the area;

- the aims of the neighbourhood plan (will the neighbourhood area assist in the delivery of the vision?)
- the availability of data (to produce an evidence base and inform robust decision making);

| Please outline the reasons in support of the Neighbourhood Area; | | | | | | | |
